3.1 GENERAL PROPERTY DESCRIPTION

Identify by type/category and location all taxable business personal property in your possession on January 1 by darkening the "YES" or "NO" bubble (●). If you managed or controlled property as an agent on January 1, provide the names and addresses of each property owner. A "Good Faith Estimate Of Market Value" is your best estimate of what the property would have sold for in U.S. dollars on January 1 of the current tax year if it had been on the market for a reasonable length of time and neither you or the purchaser was forced to buy or sell. For inventory, it is the price for which the property would have sold as a unit to a purchaser who would continue the business. Providing a "Good Faith Estimate Of Market Value" will assist the appraisal district in valuing your property, however, *it is optional and therefore not required*. If you choose to provide a "Good Faith Estimate of Market Value", complete Box A1 - F1 then total in Box G1 or simply place an overall estimate in Box G1. **Transfer Box G1 to Step 3.C on the front of this form. Round all figures to the nearest dollar.**

3.2 PROPERTY UNDER BAILMENT, LEASE, CONSIGNMENT, OR OTHER ARRANGEMENT

If you have taxable business personal property that was in your possession or under your management on January 1 by bailment, lease, consignment or other arrangement, **attach a list identifying the property owner's name, address, and a description of the property.**

OPTIONAL

3.3 HISTORICAL COST VALUE ESTIMATE WORKSHEET

Providing a "Historical Cost Value Estimate" will assist the appraisal district in valuing your property, however, *it is optional and therefore not required*. In the categories provided below, enter the HISTORICAL COST by acquisition YEAR of assets that were on hand at your place of business on January 1. Multiply these costs by the corresponding % GOOD factor and place this figure in the DEPRECIATED VALUE box then TOTAL at the bottom of each category (Box A2-F2). Enter these in "G. Summary of Depreciated Values & Historical Cost of Inventory" for a GRAND TOTAL (Box G2). **Transfer Box G2 to Step 3.E on the front of this form. Round all figures to the nearest dollar.**

This rendition covers property you own or manage and control as a fiduciary on January 1 of this year. You must file this rendition with the county appraisal district after January 1 and not later than April 15 of this year. *On written request, the chief appraiser must extend the deadline to May 15. You may receive an additional 15-day extension if you request it in writing and show good cause for the extension. If the chief appraiser denies an exemption applicable to a property on January 1 terminates during the tax year, you must file a rendition form within 30 days after the termination date. If you provide information substantially equivalent to a rendition to a company contracted with the appraisal district to appraise property, you are not required to file this rendition form. If your property is regulated by the Texas Public Utility Commission, the federal Surface Transportation Board, or Federal Energy Regulatory Commission, you are not required to file this rendition. The chief appraiser may request a copy of the annual regulatory report.

When required by the Tax Code or by the chief appraiser, the person rendering the property shall use the model form adopted by the Comptroller of Public Accounts, or use a form containing information that is in substantial compliance with the model form if approved by the Comptroller.

The chief appraiser may request, either in writing or by electronic means, that you provide a statement containing supporting information indicating how the value rendered was determined. The statement must: (1) summarize information sufficient to identify the property including the physical and economic characteristics relevant to the opinion of value, if appropriate, and the source of the information used; (2) state the effective date of the opinion of value; and (3) explain the basis of the value rendered. If your business has 50 or less employees, you may base the value estimate on the depreciation schedules used for federal income tax purposes. You must deliver the statement within 21 days of the request.

When required by the chief appraiser, you must render any taxable property that you own or manage and control as a fiduciary [Section 22.01(b), Tax Code].

When required by the chief appraiser, you must file a report listing the name and address of each owner of property that is in your possession or under your management on January 1 by bailment, lease, consignment, or other arrangement [Section 22.04(a), Tax Code].

Section 22.26 of the Property Tax Code states: (a) *Each rendition statement or property report filed or authorized by this chapter must be signed by an individual who is required to file this statement or report. (b) When a corporation is required to file a statement or report, an officer of the corporation or an employee or agent who has been designated in writing by the board of directors or by an authorized officer to sign in behalf of the corporation must sign the statement or report.*

If you make a false statement on this form, you could be found guilty of a Class A misdemeanor or a state jail felony under Section 37.10, Penal Code.

***If you fail to timely file a rendition or property report required by Texas law, the chief appraiser must impose a penalty in an amount equal to 10 percent of the total taxes due on the property for the current year. If the court determines that you filed a false rendition or report with the intent to commit fraud or to evade the tax or you alter, destroy, or conceal any record, document, or thing or present to the chief appraiser any altered or fraudulent record, document, or thing, or otherwise engage in fraudulent conduct for the purpose of affecting the outcome of an inspection, investigation determination, or other proceeding before the appraisal district, the chief appraiser must impose a penalty equal to 50 percent of the total taxes due on the property for the current year.**

Address Where Taxable: In some instances, BPP (see *Business Personal Property*) that is only temporarily at its current address may be taxable at another location (taxable situs). If you know that this is the case, please list the address where taxable.

Agent: Also referred to as a "Fiduciary", a person or institution who manages BPP for another and who must exercise a standard of care in such management activity by law or contract.

Bailment: A legal relationship created when a person gives BPP to someone else for safekeeping. To create a bailment the other party must knowingly have exclusive control over the BPP and use reasonable care to protect it.

Business Personal Property (BPP): Every kind of tangible, income-producing property that is not real property; generally, property that is movable without damage to itself or the associated real property.

Business Personal Property Rendition: A report or statement filed with the appraisal district by the taxpayer that includes the BPP owner's name and address, a general description of the BPP by type or category, and the physical location or taxable situs of the BPP as of January 1. If the aggregate value of the property were greater than \$20,000 it would also include a description and quantity of each type of inventory, and either a "Good Faith Estimate of Market Value" or a historical cost new and year of acquisition of individual items.

Consigned Goods: BPP owned by another person that you are selling by arrangement with that person. If you have consigned goods, attach a list identifying the BPP owner's name, address, and a description of the BPP.

Depreciated Value: The BPP value remaining after depreciation has been subtracted from historical cost.

Good Faith Estimate of Market Value: Your best estimate of what the BPP would have sold for in U.S. dollars on January 1 of the current tax year if it had been on the market for a reasonable length of time and neither you nor the purchaser was forced to buy or sell. For inventory, it is the price for which the BPP would have sold as a unit to a purchaser who would continue the business.

Historical Cost: What you paid for the BPP when it was new, or if you bought the BPP used, what the original buyer paid when it was new. If you bought the BPP used, and do not know what the original buyer paid, state what you paid with a note that you purchased it used.

Inventory (Merchandise and Supplies): BPP that is held by a commercial enterprise for consumption or for sale.

Lease: A contract by which one conveys BPP for a specified term and for a specified rent.

Property Address: The physical address of the BPP on January 1 of the current tax year. Normally, the BPP is taxable by the taxing unit where the property is located.

Quantity of Each Type of Inventory: The number of inventory items, or other relevant measure of quantity (e.g., gallons, bushels, tons, pounds, board feet). This is a reporting requirement for a business with an aggregate value greater than \$20,000.

Type/Category: Functionally similar groups of BPP. Examples are: furniture, machinery, signs, leasehold, office equipment, electronics, computer and data equipment, passenger vehicles and trailers, and inventory (merchandise and supplies). Other types/categories of BPP should also be sufficiently described.

Year (Acquired): The year that you purchased or acquired the BPP.

% (Percent) Good: The percent of BPP value remaining after depreciation has been subtracted from historical cost.

*These are the standard depreciable asset categories on TAD Rendition Forms 1300A & 1300B. To report and value other asset types please refer to the classifications above and complete TAD Schedule E - Form 1300E then attach it to your rendition. This document does not apply to 'Inventory' items such as Raw Materials, Goods In Process, Finished Goods, Merchandise, or Supplies. To estimate Depreciated Value using this schedule, multiply an asset's Historical Cost by the Percent Good that corresponds to its Year Acquired and Typical Life Expectancy.
